

## Opportunity to International Youth

The World Affairs Seminar (WAS) offers a unique opportunity for high school students from around the world to gather in an academic setting to study global issues.

During the six days in June 2009, 700 students will meet to hear renowned speakers. The seminar will be held at Carroll University in Waukesha, Wisconsin. They will enjoy a week of intellectually challenging presentations and interactive exercises that focus on world issues. The theme for 2009 is World Hunger: Ethical Dilemmas of Our Time.

The fee is \$600 and includes everything but transportation to and from the seminar.

Do we in District 14-N have a deserving student or Leo who would gain unique experience in world affairs by attendance there?

It is a most worthy cause which definitely falls within the Lions philosophy of encouraging peace and promoting international understanding.
