

Pennsylvania Lions for Dog Guides, Inc.

"We Support the Dogs that Guide"

Our Mission

To render financial assistance only in Pennsylvania to the visually impaired for emergency veterinary care to any active, working canine trained by a recognized and approved dog guide school.

Our Board of Directors may provide veterinary services to a working canine with career-threatening illness or accident. The financial assistance may be up to \$1,000. The grant will be awarded at the discretion of the board of directors and will be paid directly to the veterinary facility rendering said services.

To promote the rights of visually impaired persons and their dog guides for free access to all public accommodations.

To aid in the protection of all dog guides.

History

We have given financial aid to many visually impaired people and their dog guides throughout the state of Pennsylvania as the result of canine career-threatening illness or accident.

As Pennsylvania Lions for Dog Guides, Inc., we played a role in an abuse and misuse of a dog guide court case.

We have been leaders in getting legislation for the rights of visually impaired people and their dog guides.
